

PANDOR™
Instruments

Like gold in your eyes, difference in your hands!

PANDOR™
Instruments

Like gold in your eyes, difference in your hands!

PANDOR™ is a new black&gold range of "surface engineered" surgical instruments combining exclusive design and optimized function. The extremely hard (up to 4500HV) and low reflection belugablack ceramic coating ensures outstanding wear resistance of the instruments and at the same time provides high resistance against corrosion. Due to the inherent lubricity of this non-stick surface coating, friction between moving parts is reduced and galling is prevented. The black ceramic coating is firmly bonded onto the surface and therefore does not blister, flake or chip off. The instrument life is prolonged extensively which can provide for considerable cost savings in your hospital. The belugablack color provides a sharp contrast against blood and tissue, reduces reflections at the working site and also significantly enhances the depth perception during operation. The grip of needle holders is improved and the problem of needle rotation is thus largely eliminated under normal conditions, even if grabbed at the very distal tip.

A large selection of micro instruments, scissors, needle holders, clamps, retractors, hooks etc. out of the wide GEISTER® product range are now optionally available in the attractive PANDOR™ black&gold design. This brochure can only show you a small selection. Please contact customer service for additional patterns available.

Certain PANDOR™-style micro instruments additionally feature the unique FAIRGRIP™ golfball handle design. This handle is ergonomic, well-balanced, easy to clean and has excellent grip and superb tactile properties. Feel and try the difference!

PANDOR™
Instruments

The FAIRGRIP™ ergonomic instrument handles with a new dimple knurling similar to the design of golfballs offer a completely new experience of precision, sensitivity and control during microsurgical operations and help to reduce fatigue.

Art. No.	PANDOR™ FAIRGRIP™ Coronary Scissors
03-0610.DF	17 cm, 25°, standard 10 mm blade
03-0612.DF	17 cm, 45°, standard 10 mm blade
03-0614.DF	17 cm, 60°, standard 10 mm blade
03-0616.DF	17 cm, 90°, standard 10 mm blade
03-0618.DF	17 cm, 125°, standard 10 mm blade
PANDOR™ FAIRGRIP™ Needle Holders	
03-0650.04DF	0.4 mm, 18 cm, straight, with catch, Sapphire™ jaws
