

GEISTER

The better way to operate™

SofTouch™
Micro Needle Holders

Microsurgery redefined:

SofTouch™

- A new softer ratchet
- 40% increased needle grip
- perfect balance
- better control and feeling
- less fatigue
- faster action and response
- precise anastomosis

New GEISTER SofTouch™ Micro Needle Holders with newly designed softer ratchets and springs.

Ratchets are easy to close and to release with minimum force and provide faster action and response for better control during anastomosis and less fatigue for hand muscles. Precise anastomosis results can be achieved.

Comes with new Sapphire™ *trugrip* jaws for most secure needle grip.
